MORALE OF CREWS: Very Good

INJURIES: VA crewmember had partial airway blockage from piece of meat at supper last night. He was taken to ER, treated, obstruction removed, and returned to crew for full duty. No complications or followup necessary.

MESSAGE: A family death back home has necessitated an urgent demob request for MS crewmember. At this time, we are awaiting additional information, and will pass on further details to SACC. I contacted Expanded Dispatch in Dillon, Montana and they advised they would arrange flight for tomorrow morning out of Butte Montana. Phillipsburg (where the crew is based) is near Butte. If it becomes necessary, we will travel to Phillipsburg to connect with crewmember and the District.

If all is in place with arrangements, Jim and John will travel to Powell Ranger Station where the NC-NCF crew is based.

NRCC-MSO has had no further information regarding NICC jet, and still anticipates it will fly the module to Knoxville on 9/3. In that expected event, they anticipate the crews will all be brought in to Missoula the afternoon of 9/2 and put up in motels to be ready for a probable morning flight.
